Tungsten E-invoicing Solutions

WEB FORM

LOW VOLUME INVOICES

The Web Form Solution enables organisations with a low volume of invoices to create and submit invoices online via the Tungsten Network Portal. This provides guaranteed delivery of your invoice to your customer within hours, allowing them to process your invoice and make prompt payment.

> 52 invoices / year - free

INTEGRATED

HIGH VOLUME INVOICES

The Integrated Solution enables organisations with a high volume of invoices to send one consolidated data file for processing. The Integrated Solution has additional automated submission capabilities where invoice data is extracted and sent directly into your buyers' finance system via a secure connection.

< 52 invoices / year
(Annual membership 1.250 EUR, limit of 520 invoices)

Supplier to self-register on the Portal

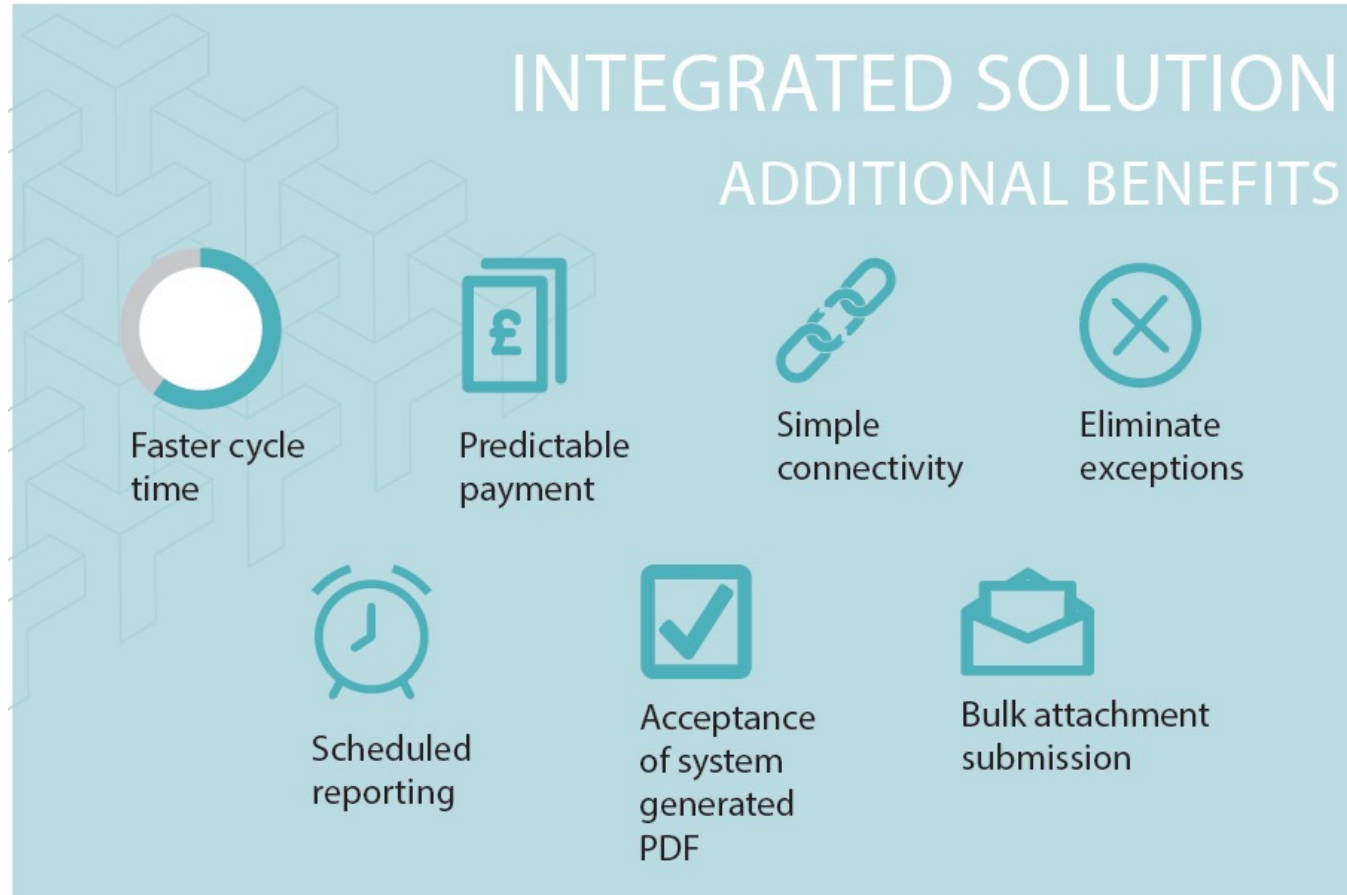

Supplier to fill-in the initial form, TN to allocate the resource to help Supplier with onboarding activities
